

PROUDLY GROWING NAMIBIA'S SLICE OF YELLOWCAKE

Traditional values. Innovative ideas.

RMB has lent N\$220-million to Langer Heinrich's Stage 3 expansion programme, growing Namibia's slice of the global yellow cake supply.

Having recently opened its doors, RMB Namibia is proud to have been added to a list of international banks used by Paladin Energy Ltd, an Australian listed energy company. The loan to Langer Heinrich will help the company with its bold expansion plans and extend Namibia's contribution to green energy needs around the world.
